Solved Paper 2021 (30 Dec)	17-21
Solved Paper 2021 (21 Dec)	22-27

ENVIRONMENTAL STUDIES

1. Family and Friends	1-8
Family, Heredity and Blood Group, Friends, Work and Play	
2. Plants	9-22
Different Parts of Plants, Different Types of Plants, Significance and Importance of Plants, Special Plants and Their Features	
3. Animals	23-36
Habitats of Animals, Classification of Animals, Relationships between Organisms, Respiration in Animals, Reproduction in Animals, Locomotion in Animals, Sense Organs and Stimulation in Animals, Benefits with Animals, Birds	
4. Food and Nutrition	37-51
Food Products and Their Sources, Animal Product, Different Components of Food, Balance Diet, How do We Make Food?, Food Maintenance, Recycle and Decomposition	
5. Health and Disease	52-61
Diseases, Types and Causes of Disease, Digestive System, Excretion	
6. Water	62-71
Sources of Water, Properties and Uses of Water, Pollution of Water, Conservation Water, Waterborne Disease	
7. Shelter	72-82
Shelter: Primary Need of Life, Types of Shelter, Specific Houses in Specific Area, Settlement	
8. Travel	83-100
Means of Transport, Different Kinds of Travel, Fuels and Energy Source, Air Pollution	

9. How We Make Things?	101-118
Things We Know, Things We Do, Things We Make	
10. Disaster	119-124
Types of Disaster, Natural Disaster, Human Originated Disasters	
11. Miscellaneous	125-130
India and States	

PEDAGOGY

1. Concept and Scope of Environmental Studies	133-147
Meaning and Definitions of Environmental, Integrated EVS	
2. Environmental Studies and Environmental Education	148-157
Environmental Studies, Environmental Education, Development of Environmental Education	
3. Learning Principles in EVS	158-168
Learning: Meaning and Definition, Principles of Learning, Theories of Learning Principles	
4. Relation between Social Science and other Subjects	169-177
Social Science: Meaning and Definitions, Objective of Teaching Social Science, Relationship between Science and Social Science	
5. Methods of Teaching Environmental Studies	178-196
Teaching Strategies, Teaching Methods	
6. Activities and Practical Work	197-207
Activity based Teaching Method, Categories of Practical Skills	
7. Continous and Comprehensive Evaluation (CCE)	208-219
Meaning and Definitions of Evaluation, Continues and Comprehensive Evaluation	
8. Teaching Aids/ Materials	220-226
Teaching Aids: Meaning and Definition, Characteristics of Teaching Aids, Selection of Teaching Aids	
9. Problems of Teaching Environmental Studies	227-234
Problems in EVS Teaching, How to Make Environment Study Effective	
• National Education Policy (NEP) 2020	235-237
• Practice Sets (1-5)	241-251
