'Indian Economy : A Review – January 2024' Report

The Finance Ministry on January 29, 2024 released 'The Indian Economy : A Review – January 2024' instead of 'Economic Survey 2023-24'.

Here are some key highlights of the report :

- **Economic Growth Projection :** The Indian economy is expected to achieve a growth rate of 7% or higher for FY24, and there are predictions of sustaining this growth in FY25. This would mark four consecutive years of robust growth post-pandemic.
- **Global Challenges and Trends :** The global economy is facing challenges such as supply chain disruptions, a slowdown in trade, and the impact of Artificial Intelligence. India is seen as resilient, having overcome past shocks and is navigating these challenges effectively.
- **Shift in Global Manufacturing :** The era of hyper-globalisation in global manufacturing is ending. Governments are focusing on onshoring and friend-shoring, impacting transportation, logistics costs, and final product prices.
- **Artificial Intelligence and Energy Transition :** The emergence of Artificial Intelligence poses challenges to services trade and employment. Additionally, there is a significant focus on the energy transition, with international pressure on developing nations to reduce carbon emissions.
- **Domestic Economic Strength :** Over the last decade, India has invested significantly in infrastructure, leading to a 3.3X increase in public sector capital investment. The financial sector is healthy, with strong non-food credit growth.

NATIONAL

The National Turmeric Board will provide leadership on turmeric related matters, augment the efforts, and facilitate greater coordination with Spices Board and other Government agencies in development and growth of the turmeric sector.

INTERNATIONAL

Israel to Allow Humanitarian Access

The International Court of Justice (ICJ) in a landmark decision on January 26, 2024, ordered Israel to allow humanitarian access.

The top UN court also ruled that Israel must take all measures to ensure with immediate effect that its military does not commit any acts which could fall foul of the 1948 UN Genocide Convention.

The court's 17-judge panel issued such measures, ordering Israel to take steps to limit the death and destruction caused by its military campaign, as well as to prevent and punish incitement to genocide.

19th NAM Summit Organised

The 19th Summit of the NAM (Non-Aligned Movement) was held in Kampala (Uganda) from January 15-20, 2024. The theme of the Summit was "Deepening Cooperation for Shared Global Affluence".

The summit adopted the Kampala Declaration, slamming Israeli military aggression and calling for the implementation of the UN Security Council resolution to allow humanitarian aid into the besieged Gaza Strip. The External Affairs Minister of India led the Indian delegation at the Summit.

Japan's First Moon Lander

Japan's robotic SLIM (Smart Lander for Investigating Moon) spacecraft touched down on the lunar surface on January 19, 2024.

Now, Japan joined the elite group with Russia (then the Soviet Union), the US, China and India in reaching the lunar surface.

Japan Aerospace Exploration Agency's (JAXA's) President confirmed that SLIM successfully established signals after landing, though its solar capabilities malfunctioned.

54th WEF Summit in Davos

The 54th annual meeting of the World Economic Forum was held at Davos, Switzerland from January 15-19, 2024.

The theme was 'Rebuilding Trust', emphasising the focus on exploring the opportunities enabled by the new technologies and their implications on decision-making and global partnership.

Issues related to climate change, threats from artificial intelligence, cooperation amid geopolitical fragmentation and other problems across the globe were discussed.

Ongoing conflicts like the Ukraine War, Israel-Hamas war were also be part of the agenda.

Crown Prince Frederik X became King of Denmark

Crown Prince Frederik X became the King of Denmark on January 15, 2024, succeeding his mother, Queen Margrethe II, who formally abdicated after 52 years as monarch. 83-year-old Margrethe is the first Danish monarch to voluntarily relinquish the throne in nearly 900 years. She stunned the nation when she announced her plans to step down on television on New Year's Eve. Australian-born wife of King, Mary is the first commoner to become Queen of Denmark.
